

8 week advanced catching clinic with Coach Ted Turkington

Players will be coached solely by Coach Turk. The purpose of the small clinic is to allow more 1:1 coaching. All aspects of the catching position will be taught. It is important that the time we spend working together is worth it, for both of us! These clinics will be high intensity and high energy. This clinic is intended for catchers who sincerely desire to improve their catching skills and advance to higher level baseball. The goal is to improve your skills, your confidence and your desire to continue catching!

Coach Turkington Background:

- Baseball Coach & Teacher, Bellarmine College Prep (2011 – present)
- Varsity Pitching Coach & Teacher, Valley Christian High School (2009 – 2011)
- Head Baseball Coach & Teacher, St. Ignatius College Prep (2003 – 2009)
- 8 years Division I assistant baseball coach & recruiting coordinator (St. Mary's College & Univ. of San Francisco) 1995 – 2003
- Highest fielding percentage for a catcher in Univ of San Francisco Baseball history (1 error in 2 years, 1994 – 95)
- Member 1991 – 92 Pepperdine Waves National Championship Baseball Team

TESTIMONIES

“Ted is a catching mastermind! I've seen his work firsthand, and the development of his catchers are unmatched. I pick his brain continually to help with our programs catchers.” – **Eric Valenzuela, Head Baseball Coach, St. Mary's College**

“The most important part about catching at an advanced level is to have high quality coaching. Coach Turk knows how to coach catchers because he's been through it and knows what it takes to be a catcher. I would not be where I am today without the skills I learned at an early age from Coach Turk.” – **Jackson Thoreson, New York Yankees 26th round draft pick 2018.**
